# sage 300cloud
2021.0 RELEASE SNEAK PEEK

The latest Sage 300cloud release will be live on September 14, 2020.
Here is what's new:

New "Pay Now" link for 300cloud-generated invoices

Accept invoice payments online with the new Sage 300cloud Payments Acceptance feature. Link 300cloud with your business's Stripe or PayPal account to accept card payments online.

Pay Now

PayPal   **stripe**

Document Amount:	1,000
Plus Taxes:	130
Document Total:	1,130
Less Prepayment:	0
Less Estimated Tax Withheld:	100
Amount Due:	1,030

Withhold taxes on AR and AP transactions

Easily track taxes withheld from customers or to vendors for any transaction.

Web screen updates

- See more on the same screen with new text size options.
- Specify BOM numbers on details for shipments, credit notes, and debit notes.
- Keep more screens open with the new report printing options.

✓ Large
Medium
Small

Additional updates include:

Expanded Check and Deposit Number Fields

Some customers require larger check and deposit number fields so we've increased the field size from 9 to 15 digits.

Payroll Enhancements for US customers

Businesses who employ resident aliens now have a more accurate way of accounting for their labor tax requirement.

✓ Non-Resident Alien
